Node.js

Adobe Creative Suite

Responsive Web Design

www.abhay-vincent.web.app

Creative Front-end developer and designer who believes in Design, good Design, that solves problems in an artistic way. I'm experienced in making scalable, reusable, and well documented components using Javascript(ES6), React, Redux, SCSS and have understanding of backend technologies like Node.js, Express, Firebase and REST API. Also I believe collaborating with people can increase productivity with tools like Git, Asana, Slack, Figma.
